

HIMGA Board Meeting  
May 8, 2019

Members present: Wes Higdon, Rich Rose, Marvin Emmons, James Loomis, Dennis Farris  
Also in attendance: Loren Bernstein, Clubhouse manager

Called to order at 9:00 am

1. Treasurer's report – Balance as of 4-30-19 \$6,785.66
2. Payout in flighted events. Payouts were being made based on number of players in each flight. Rules of Golf calls for equal payments per flight regardless of players in each flight. Board approved equal payouts for each flight going forward.
3. Point system. The point system was changed to prevent higher handicap players from receiving points when a maximum score of 8 was recorded on a hole. Board had received several complaints about the change. The board approved going back to the old point system and changing the maximum score recorded on any hole back to 10. Maximum score will need to be changed back to 10 in the Rules of Golf document.
4. Shootout is May 23. Volunteers will be needed for shootout. Several board members not playing in shootout volunteered to work it. Dennis Farris will check with HILGA for additional volunteers.
5. Flower Beds. Marvin Emmons reported there are several openings for flower beds. Will continue seeking volunteers by posting in Holiday Island Happenings newsletter. Loren Bernstein will discuss with golf course maintenance about providing labor assistance if we can't find volunteers. HIMGA will continue to pay for materials.

Meeting adjourned at 10:00 am

Respectfully submitted,  
Rich Rose  
Secretary/Treasurer
